

Wilkes Campus Gateway Dedication

OCTOBER 2, 2015

The Wilkes University Campus Gateway connects Fenner Quadrangle with South Main Street, uniting our campus and enhancing its beauty even as new lighting and pedestrian crosswalks improve safety. The project also underscores Wilkes efforts to support the revitalization of downtown Wilkes-Barre.

The Wilkes University community is grateful for the generosity of Clayton '49 and Theresa Karambelas, and to the Pennsylvania Department of Transportation's Multimodal Transportation Fund Program. Their support made this project possible.

"Wilkes has been a very important part of my life since I first stepped foot on campus as a student. Theresa and I are proud to give back to this institution and the students who live and learn here. This beautiful gateway is a visible symbol of the vitality of our community, both here at Wilkes and in downtown Wilkes-Barre."

- Clayton Karambelas '49

WELCOME

Michael Wood

Assistant to the President for External Relations
