Harold Rose, President  
Wyoming National Bank  
West Market Street  
Wilkes-Barre, Pa.

Dear Harold:

Enclosed you will find check to the Task Force in the sum of \$250.00 from the Andrew J. Sordoni Foundation. This sum is to tide us over on some of our miscellaneous bills until we get our EDA grant.

Would you talk to Tom Kiley and resolve between you in which bank the account should be opened?

The EDA grant requires that I sign checks. I do not want to be burdened with that responsibility but that is the way it is until we can effect a change. I would much prefer that the account be opened in such manner that the checks be drawn by the Treasurer and countersigned by me or jointly signed by the President and Treasurer until other arrangements can be worked out with EDA.

I am sending a copy of this letter to Tom Kiley and suggest that you get together at your earliest convenience.

Sincerely,

MAX ROSENN
