Dear Mrs. Anderson,

In view of the continuing need for help in your valley, we felt that we would like to make a Christmas subscription. Dr. Charles Myers suggested that funds would be used most effectively by your Task Force.

The trust that the enclosed will be useful in your very important work.

May you all have a blessed Christmas.

Sincerely,
Dr. and Mrs. J. W. Savacool

Dear Judge Rosenn:

We noted that the Times Leader-Evening News published a report indicating the possible creation of a municipal authority to make the Wilkes-Barre Steam Heat Company viable.

If this is accomplished and if you intend to finance all or part of future projects through the issuance of bonds, and do not have investment banking counseling, Bache and Company, Incorporated is prepared to help you analyze applicable financing programs without obligating you or your project.

For further information kindly write to the undersigned.

Very truly yours,
