Dear Dick:

Many thanks to you for sending me a copy of the Environmental Study of Wyoming Valley and the accompanying material. I deeply appreciate your kindness in doing so.

I was delighted to have your call regarding Dan Tobin. I was worried that he had left here completely exhausted and I was fearful that his health had been permanently impaired. It was good to know that he was about and performing in his normal manner.

Warmest regards and best wishes.

Sincerely yours,

MAX ROSENN

Dear Sir;

I did find a copy of that Environmental Study of Wyoming Valley I spoke to you about on the phone. I have also enclosed a couple of copies of a booklet published by the Chief of Engineers Office in Washington. You might want to keep them for your library.

It was a pleasure to speak to you on the phone, if I can ever be of any assistance, please call me at 825-3411.

Sincerely
