COMPUTERIZED BINDING SYSTEMS

Is your library still filling out binding slips "the old way"? The worst part of preparing periodicals for binding is the time consuming task of filling out binding slips. Processing by a professional librarian is too expensive, but, the job is too detailed to simply hand over to a student. There is an easier way! The Computerized Binding Slip (CBS) System. This System is yours at no additional cost. Library Bindery Company of Pennsylvania, Inc. is a recognized leader in the field of computerized binding.

Dear Annie

Remember I spoke to you about
clip cases etc? Attached is a copy of the
L.B. brochure 1981 - I'm sure prices
have escalated. However, this gives you
an idea of what can be done. Wilkes used
to use L.B. since it's the best I'm sure
they still do. I mention this because it is
much cheaper to send out with other
binding items.

Mary
