Doctor and Mrs. Stanko M. Vujica
95 Miner Street
Wilkes Barre, Pa.

Dear Doctor and Mrs. Vujica:

May I be so bold and rude as to try to share with you some of my thoughts of life at my age of 81?
Many of them may be incorrect for no one person has ever lived long enough to be exposed to all of eternal truth sufficiently to have aimed at perfect or complete wisdom.
I do believe however that time and the universe are powerful disciplinarians in the correction of unwarranted conclusions. In fact even the statement of an error, as truth, could sometimes hasten its destruction!

I hope for you both good health and success well in your ~~undertakes~~ fields of service to humanity!
Hazel has been granted a half-year absence from teaching again while she writes another book. Her salary to continue as usual meanwhile.
Both Mrs. Barnes and I are in rather poor health increasingly so, but we are up and around the house most of the days for most of the time.

Sincerely yours Olin Barnes
