

Dear Sir

Princeton June 12. 1807

I recd your favor of the 25th May in Phil^a. & now send you as requested a check for \$80. ⁵⁰/₁₀₀ -

Colo. Samuel Hodgdon with whom I left your ticket informs me that there is a flattering prospect of receiving the house to which it is entitled; but that in the confusion of removing his papers from one house to another he has mislaid it, and unfortunately he has no memorandum of the number. He ~~has~~ intends to make a thorough search for it & hopes to find it, but in the mean time he wishes to be informed what is the number of the ticket. I told him I would write to you on the subject, & request you to give him immediately the information he desires.

I am extremely sorry for the injury done to your dam, as well as for the general damage sustained in our neighbourhood by the violent rain mentioned in your letter.

I wish you may be agreeably disappointed as to the labor & expense necessary for repairing your tops. -

I am Dear Sir

Very sincerely & respectfully yrs

Bush. Washington.

No 28

Will you be kind enough to give Mr. Frode your advice as to the best mode of repairing the injured wall at N. D. It ought to be done at once & perhaps some brick layer in the neighbourhood may be got to do it. I have told Judge & Mrs. Anderson in Phil^a & referred to Mr. Lister Mr. Lister's letter. The bank is gaining strength slowly.

as Colo. W. says as for the Shippin I suppose he will have no objection to your receiving what is due back for him. He has advised, where you can meet him. to do so.
