From the desk of

GEORGE F. RALSTON

Meeting w/ John Karpisals
For 1945

1. Obsolete room telephones
2. Towels - not enough - sheets, change two at a time. When towels are taken note is immediately replenished - if boy wants to shower he has no towel.
3. Possibility of own coke machine - this would help pay incidental expenses.
4. Open door policy - obsolete locks, Scotch type door locks. Locked doors hinder communication.
5. Possibility of nap room, dust pan at disposal of floor boiler.
