Dear Gilbert:-

Thanks for the Alexander story received this morning.

I sent you some little prints that we made up a couple years ago for Connie Reynolds Behlin from photographs she gave us. We made lantern slides and she gave a talk before the Woman's Club here on Susquehanna River Bridges and this area.

We photographed the Shades Glen Bucks Township School the other day and you will see a story about it in the Record soon. Here is a picture of the schoolchildren in front of the school. Henry may be interested in seeing this.

Hastily,

Raeper
