ADDRESS CORRESPONDENCE TO
ROY CHAPMAN ANDREWS, LEADER
AMERICAN MUSEUM OF NATURAL HISTORY
NEW YORK CITY, U. S. A.

Dr. Gilbert S. McClintock,
34 South River Street,
Wilkes-Barre, Pa.

Dear Doctor McClintock:

In going over the accounts of the subscribers of the Third Asiatic Expedition, I found that in last October you had sent us a subscription. By some mistake I did not know of this and you must have felt that I was very unappreciative of your generosity when I did not thank you for it.

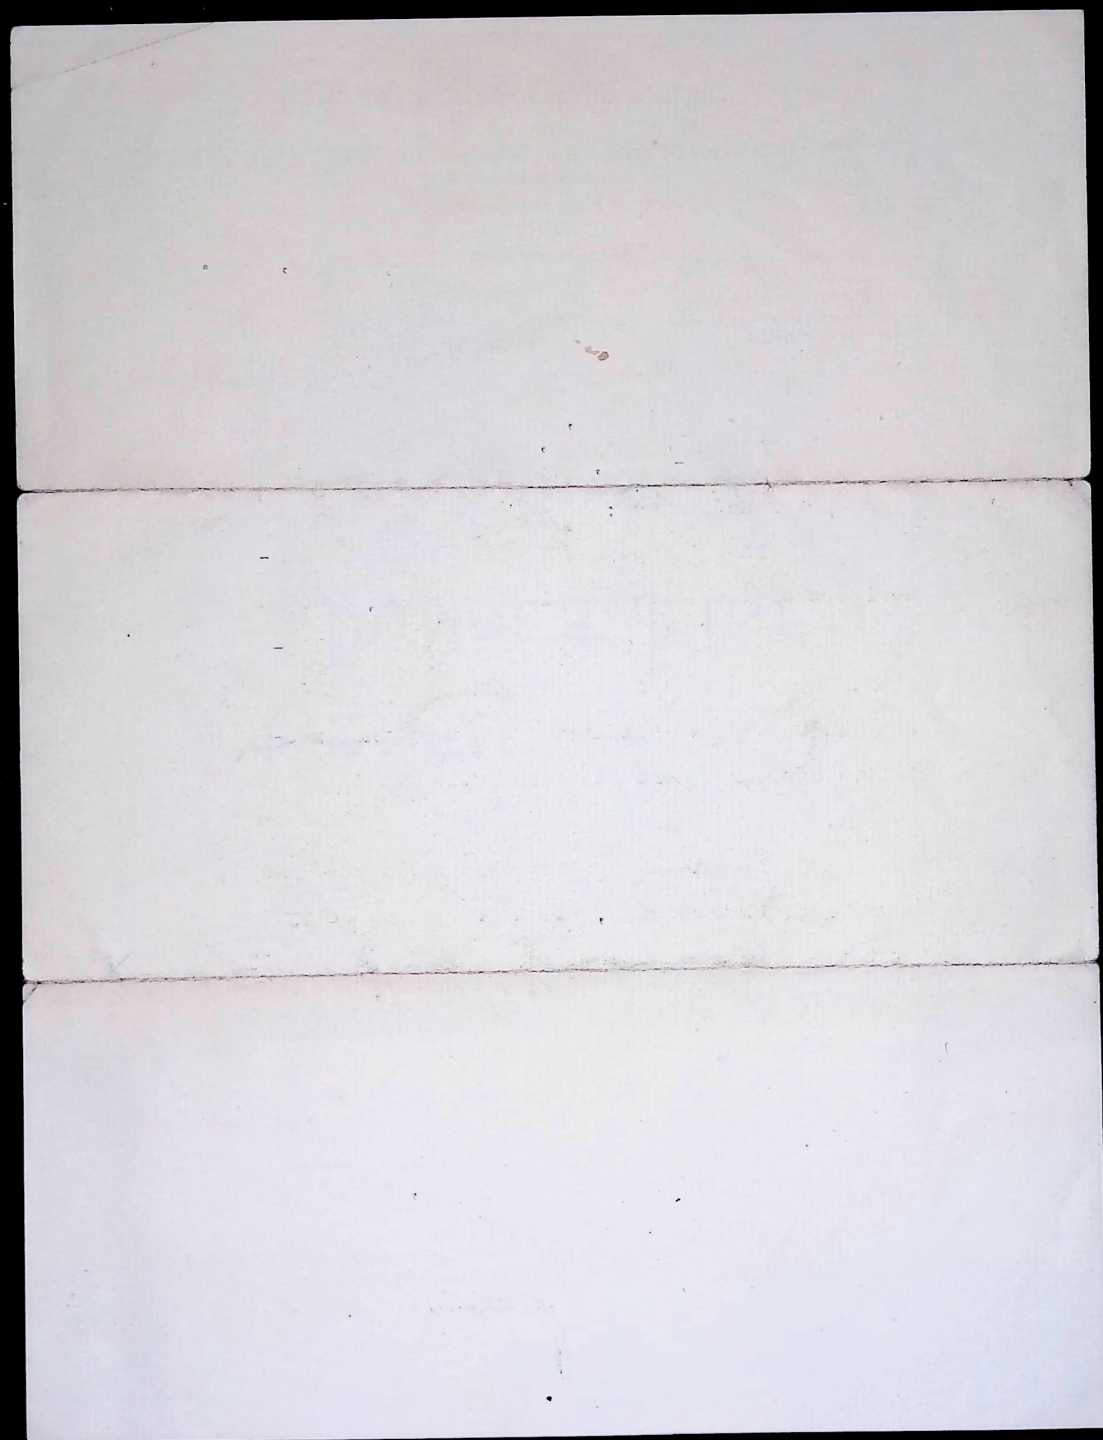

I want to say that the Museum and I do appreciate it very much, and that I shall do my best to make you feel that the money has been well invested. You will have reports from time to time as to the progress of the work.

With kindest regards and renewed thanks,
I remain,

Very sincerely yours,

Roy Chapman Andrews

Associate Curator of Mammals.

AMERICAN MUSEUM OF NATURAL HISTORY

February the eighteenth

Dear Mr. McClintock:

You have already received formal acknowledgment from the Executive Secretary of the Museum of your contribution to the work of the Third Asiatic Expedition, but I want to add my personal appreciation of your interest.

The response to my letter has been perfectly splendid and we are well on the way toward obtaining the necessary funds to continue the Expedition.

Wherever it is possible, I will write you from Asia to keep you informed of the progress of the work which you are helping to support.

Again thanking you, I remain,

Sincerely yours,

Roy Chapman Andrews
Leader, Third Asiatic Expedition.

Mr. G. S. McClintock.

*I'm delighted that you will continue -
you are a "peach". R.C.A.*
