

Wilkes Barre 22 Dec. 1863.

My dear Sir;

I expect to make some improvements in my house next spring & will want some good Black Walnut lumber -

W. Fell informs me that you have some good Walnut logs & have offered to supply that article -

Enclosed I send you the Bill of what I want - You will please add thereto 2 inch Plank sufficient to make say 1000 feet in all - the additional plank to be 12 feet long - If the Bill makes 1000 feet you need not add to it but without calculating it I think it falls short of that -

I wish like this lumber delivered as soon as you can have it cut as I wish it well seasoned before it is used & will require it as early in the summer as I can get the work done - I'll pay you charges as soon as the lumber is delivered

You will oblige me very much if you can supply this order - Yours Very truly
Wm. Sweetland Esq. Andrew T. McCloud Esq.
