

My Lord,

Lieutenant Isaac Phipps a relation of mine & late
a Lieutenant in my Regiment, was recommended by me some time ago
to Lord Bristol, who promised to put him upon full Pay, But his
Lordship's resignation put an end to the young Man's hopes from
that Quarter. He now writes to me, desiring a recommendation
to your Excellency, which he thinks must be effectual, because
he knows that I had the honour of serving under your Lordship in
N. America. En peu de mots I must without ceremony
put him under your protection.

I wish you a quiet & honourable departure, &
am with great consideration & respect

Your Excellency's most obed.^t & most
humble Servant

Isaac Barré
