

Dear Sir

Per instrument bearing date
forward last week, I shall find you an ^{answ.}
~~Ans.~~ as soon as the money shall be sent?
by Mr. Laro. I have given him a Note of
the Amos. being £41.11.9.

With perfect respect

Thos. Moore

Philad^a June 3^d 1793

I find a company of French Gentlemen have
purchased 80,000 Acres of land in Penn^a. South
of the New York line on or about the head waters
of the Southern branches of the Ohio. This purchase
was made by an Agent sent over to London with
ref^d. Mr. Laro de Chaumont was the Agent
I am concerned. They have gone into another consi-
derable purchase, as I suppose of Mr. Bomb's land
in your Marlborough or Clinton, and one more
in the vicinity of Philad^a. When it comes to be
known that our Government has declared
in favour of neutrality & that the French have
not brought forward the Idea of our en-
gaging, I think much more is to be
expected. A Gentleman from Martinique
with 32,000 ^{fr}

subscribes the whole into the new Person & he
has had no inducement but his heart
for the Education of his children.

I just learn that LeRay gets 1,500,000 of Mr.
McComb's lands in your northern Counties for
himself and a number of wealthy Flemings & Dutch
who mean to push a settlement from Europe in
Division or let N. A. thereof. His lands in
Pennsylvania are on the Eastern side of Susquehanna
North or Wyoming & South of Oswego; a good
purchase this last for 6/3 each for 80,000 A. The
part of Mr. Comb is very much lower.
