I wrote you some time ago desiring you to obtain from W. Butler, the prothonotary, a certificate that Wallis nor any other had entered suits of ejectment against us for the lands disputed between him and us; but have rec^d no answer.

You must know that I have sold my land at Withersbarre to Mr. Rep. I have live stock and utensils which will now be to be sold. In what way would you recommend the sales to be made? in order to have the pay secure and get the best price? Your advice will oblige

your friend & able serv^t

Please to favour me with an immediate answer.
