Student Development

The Student Development Office offers educational and social experiences that enhance the quality of student life and learning. A few of the programs offered include the Cultural Series and Experiential Adventure Series, which both provide meaningful out of the classroom learning experiences. The Cultural Series introduces students to the world of art and performance by providing several opportunities each semester to experience visual art, music, theater and dance both locally and in larger Metropolitan areas such as New York City, Philadelphia and Washington D.C. The Experiential Adventure program is an alternative learning experience designed to challenge students to engage in physically demanding activities that emphasize wellness and provide practical leadership tools and lessons on teamwork. Students will have the opportunity to sign up for adventures such as white water rafting, skydiving, hiking and mountain biking.

The Student Development Office also coordinates a weekend entertainment series, which gives students a variety of entertainment options to choose from each weekend. A few of the weekly attractions include free bowling, discounted movie and ski passes and free admittance to local performances at the Little Theater of Wilkes-Barre. In addition, Student Development also coordinates periodic day trips to professional sporting events and theme parks. Many of the University's clubs are listed below.

Community Service

A liberal arts education teaches students to look at the world as a whole, to begin making connections between things like interpersonal conflict and international relations, between education and poverty, between thinking about themselves to thinking about "me in the world." The Community Service Office coordinates projects that bridge service and study. Many academic departments offer service-learning courses that integrate classroom theory and hands-on experience with a pressing social issue. Students explore issues of hunger and homelessness, at-risk youth, access to health care, environmental sustainability, and countless other topics. The students of Wilkes partner with numerous organizations including Habitat for Humanity, the American Red Cross, the Commission on Economic Opportunity (CEO), REACH Inc., United Way, and the McGlynn Learning Center.

Students extend Wilkes' spirit of service beyond local borders by volunteering during Alternative Fall Break in Philadelphia in the fall, and traveling domestically and internationally to serve during Spring Break. Most recently, Wilkes traveled to Tennessee to work with the Cherokee Nation, Dominican Republic to teach English as a second language, and to Costa Rica to work on a fair trade coffee co-op. In spring 2011 students will have the opportunity to choose between four locations. Students have the opportunity to travel to Kentucky to work with Christian Appalachian Project, a program that matches homeowners with building teams, New Orleans to work with HandsOn New Orleans with Habitat for Humanity, Dominican Republic to work on public health programs and teach English as a second language in the school system with Orphanage Outreach. And for the second year the community service office is partnering with a political science faculty to sustain the Costa Rica service-learning experience with Community Collaborations. In extraordinary ways, Wilkes students are leading, mentoring, learning, and changing the world through service.
