D.T. returned 4/10/01

He has been in the square
about 1/2 hr. in the last

the routine today, I would say
smooth - so often it is our
driving, not the business.

D.T. I have read the sports
page to some extent, because
the story. (Shah and Ali?)

Because of variables in business
due to the D.T.'s desire to have
new modes of behavior (as he did
from J.C.) towards his creation, which
with the B.O. and the D.T. always
have less to provide. (our best
little secret)

Signatures, signed at angles
in the Berlin A.H. (the meeting point)
(over)

D.T. notes and (4/21/01)

When Edmund dies, a great deal of D.T.'s work is lost

the sentimentality of sudden growth - so often it is our doing, not the human

D.T. I love reading the sports page. So many stories, underneath the story. (Muhammad Ali?)

Becoming variables in human due to the D.K.'s desire to learn new modes of behavior (as led by from J.C.) toward his creation, neither the EO nor the D.K. always know how to proceed. (Consider little secret!)

Segue to Alois, degree of anger in him and in A.H. (the mysterious factor) (over)

When the E.O. does not feel
inspired to ~~pass~~ take the next
step in his heart's heart he
leaves them alone, and merely
observes, "Absolutely enough
for now!"

~~Discussion of whether the~~
~~is made of~~

When the E. doesn't feel
 inclined to pass into the next
 stage in its development, it will
 leave the larva, and merely
 slough. Absolutely enough
 for now.

Discussion of whether the larva
 is necessary.
