The Executioner's Song

HEADLINE: Don't miss Norman Mailer's Pulitzer Prize-winning true crime masterpiece

CALLOUT:

"This is an absolutely astonishing book."—The New York Times Book Review

"Literature of the highest order...It lives in the mind long after the last page has been read."—Miami Herald

"A harrowing, absolutely eyes-on account...elevated by Mailer's genius into art."—Houston Chronicle

In the summer of 1976, Gary Mark Gilmore, a violent ex-con who spent half his life behind bars, robbed two men—and then shot them dead in cold blood. He was tried, convicted and sent to Death Row, where ~~thanks to an ineffectual system, he might have languished for the rest of his years.~~ But Gilmore wanted to die—and he fought for it the way other men fight to stay alive.

In 1979, acclaimed author Norman Mailer, having been granted complete access to Gilmore's story by ~~Gilmore himself~~, published his monumental (and arguably greatest) work, The Executioner's Song. A year later, he was awarded the Pulitzer Prize. Now BOMC is happy to present Mailer's stunning literary achievement in a handsome exclusive edition. Discover or revisit this classic that takes a powerful and chilling look at the life and death of a killer.

BACKLIST:

A handsome exclusive edition of Norman Mailer's Pulitzer Prize-winning true-crime masterpiece, which takes a ~~chilling~~ look at the life and death of Gary Gilmore, a man convicted of killing two men in cold blood.
