

Michael and Donna Leemore.

Personal.

June 8, 1995

Dear Mike and Donna,

It was a very special day. I have sent a selection of photos off to No Nukes and the Wards. Here is my set for you. After I have had some more made of those I sent to the Ms and Ws, you'll receive a couple more. Let this note also convey my deep appreciation for all you do for Wilkes - and for the Breisels. What a boon when we got you to come from Springfield and stay, not just stop by on the way to Rhode Island.

Much love,

Clara

Dear Christopher,

I'll be pleased to come to Wilkes on the afternoon of May 26 and promise to keep my talk down to ten minutes, which will be the only sacrifice I make on the occasion. Of course, I've attended a few graduations myself; I know exactly what you mean. I will find a way to inspire the young in hardly any more time than it takes a world-class athlete to run two miles. As for the hat size, it's 7 and 3/8, I fear, and the suit, ~~although~~ my legs are short and the inseam is 29", ~~my~~ ^{for} waist is 46. For better or worse, I'm built like a barrel. Mrs. Mailer will join me and we await the limousine. I look forward to dinner on the 26th.

Cheers,

Norman

Dear Norman,

What a splendid gift you gave our graduates this past Saturday. By all accounts, this was Wilkes most satisfying Commencement in recent memory. The enclosed articles from our local papers will indicate how your message was received — at least by two reporters. I saw Pat Heaman this morning and she commented on how well you challenged our graduates to grasp the freedom and openness of the future that beckons them. Thank you for entering so completely into the spirit of the occasion.

Our time together on Friday night, as well as Saturday, was delightful. I can appreciate even more why Mike enjoys his continuing communication with you.

Tell Norris that she and I need more

time for conversation next time. Now that
you are an alumna of Wilkes, we hope to see
even more of you both.

Jane, Abigail and Lydia join me in
sending you and Norris our warmest regards.

Gratefully,

Chris
