This is your guide to car-free travel in San Francisco. All Muni transit lines are shown including Limited and Express services, and special peak-hour lines.

An enlarged map of the downtown area appears in the upper right corner, and the OWL routes that run all night are shown on a special map at the lower right. A special expanded map of Market Street appears on the right edge of the map.

The street index (white area) is a listing of all the streets shown and their map coordinates. Letters are found along the top and bottom edges of the map and numbers along the sides.

In the center is a column indicating points of interest (pink area) and their map coordinates. High schools, middle schools and libraries are included.

Transit Stops

Pictured are three of Muni's vehicle stops. In addition look for Bulb stops (sidewalk extension into streets), Islands, Bar stops (yellow markers on street pavement) and Bus Zones with red curbs.

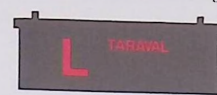

Destination Signs

To tell the different types of Muni services offered, look at the vehicle head signs which show route numbers and name, destination and type of service. Signs are color-coded:

Black and white Local service – makes all stops.
Green and white Limited service – makes only city center stops.
Red and white Express service.
Yellow and black Not in service.

When in the Muni Metro stations look for the digital information signs for identification of approaching vehicles.

Timetables

Muni's free timetable booklet gives complete schedule information for all transit lines. Get one from Metro stations, Fast Pass outlets, the City Hall Information Booth, Muni (949 Presidio) and libraries.

GOUSHA/CHEK-CHART
TRAVEL AND AUTOMOTIVE PUBLISHERS SINCE 1926
A TIMES MIRROR COMPANY

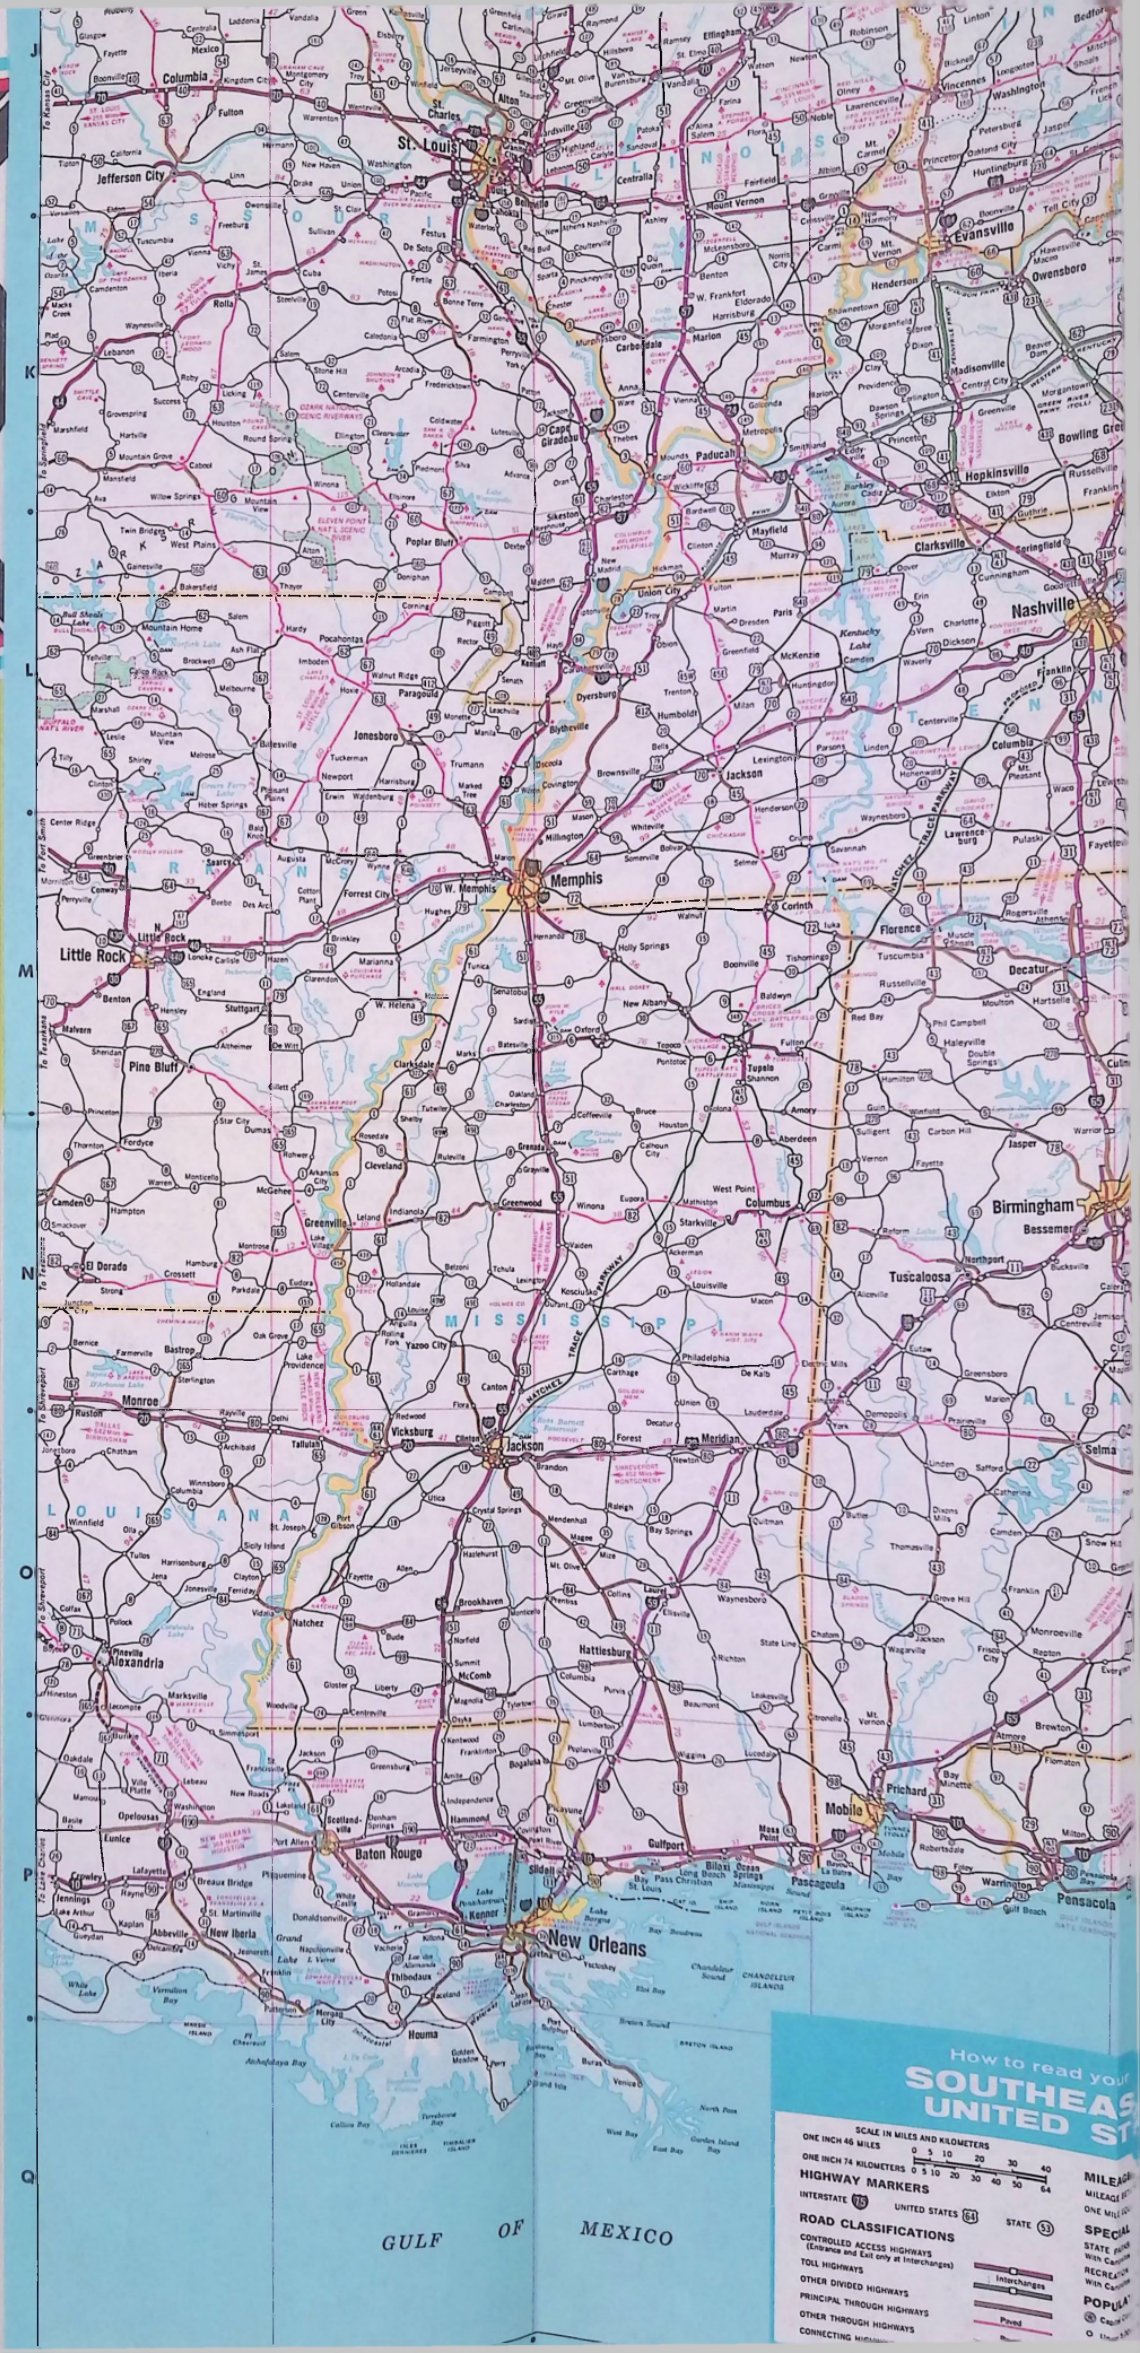

More than 100 city, state, and regional maps are available from Gousha, including detailed street maps of major American cities, highway maps of all 50 states, plus large-scale maps of major U.S. regions, Canadian provinces, and Mexico. Gousha maps are available in regional assortments of seven titles packed in a durable vinyl folder (Pak-O-Maps), in multiples of 25 maps per title, or in case lots of 500 maps per title.

The City Map Library is a unique reference collection of fully indexed street maps covering America's major cities. This 64-map collection is arranged alphabetically in a sturdy carton file. Gousha's State Map Library offers detailed coverage of all 50 states and Canadian provinces. The 40 full-color maps in this collection include inset maps of more than 120 smaller cities and towns not covered in the City Map Library.

The deluxe 10 1/2" by 14 1/4" Gousha North American Road Atlas covers the United States, Canada, and Mexico with 128 full-color pages of state, city, and province maps — each with its own index on the same page. Gousha also publishes the Standard Highway Atlas and handy Pocket Road Atlas. All three atlases are available in single copies; larger quantities are also available with imprinted or custom covers.
