All - Clear for "Betty"

The countless British friends of Admiral Haddock Stark will be delighted to learn that the stigma attached to his name on account of Pearl Harbor has now been removed.

At the time, the American Admiral was Chief of Naval Operations and the long inquiry into the disaster ended in a mild condemnation of his "lack of superior judgment." Admiral C. J. King, who endorsed the report, has now informed the Navy Department he was in error and has recommended that his report be expunged from the official records.
