Dear Mr. Goble,

It was nice to hear from you and to learn what you've been up to this last year. The Columbia application I've filed and mailed, and I hope it will give you a hand up for the graduate school. Best of luck with it and your work.

I'd like to see you when you're in New York, but unfortunately I'll have to wait for the drink. I'm here in Amherst this month for vacation - though, I'll swell in the city for the rest of the summer. If you're in New York later, call me. I shall be interested to hear how your application has been decided.

Sincerely,
Francis Brown
