CHASE THEATER

From the Director

Cue and Curtain is happy to present an original play by Miss Myvanwy Williams, a member of the faculty of Coughlin High School. Like her first play, *The Reciters*, given in repertory in 1958 on the Wilkes Summer Theater program, the setting is a Welsh-American community.

Cue and Curtain serves the College and the community by encouraging active participation in the theater and support for its activities. The theater is the meeting place for the expression of ideas; the interest and the enjoyment are everyone's. We believe that the theater provides a penetrating insight into our behavior, confirming—sometimes with painful honesty, sometimes with comic delight, but always with integrity—the puzzling truth that humanity survives because its members have a human interest in preserving its virtues and perpetuating its values.

On this occasion, then, it is our pleasure to welcome the Wilkes College Theater Alumni, an organization dedicated to furthering our efforts in the theater.
